DISC SCREENER

SMART
FEATURES

BETTER
ENGINEERING

SIMPLE
MAINTENANCE

01

SMART FEATURES

- Superior rock handling: thousands of shapes simulated to reduce jams
- “Dust tight” enclosure
- Available with NFPA-compliant components for fire and explosion safety
- Discs not welded to shafts: can adjust spacing and swap discs
- Bolt-together construction
- Bolts directly to BE&E’s SMART Conveyors™

02

BETTER ENGINEERING

- Cogged belt drive
- No chains or pulleys
- Quiet operation
- Direct drive, shaft-mounted motor
- No lubrication required
- No tensioning required
